---

## EDUCATION

**Junior Developer**, Mississippi Coding Academy, expected graduation: May 2020

**High School:** Coldwater High School, graduated in 2016

## TECHNICAL EXPERIENCE

**Sweet Sailings**, Mississippi Coding Academies

*April 2020- May 2020*

**Goal:** Craft a website that uses a REST API and React

- Created a custom API that contained a variety of products that the user can select from, then gathered and displayed the data on the main website, using React's built function, called 'hooks'
- Made a cart that displays the products the user has selected, the quantity of the product, the total price for all items in the cart, and a counter that keeps track of all items in cart
- Created forms that asks the user for their information, then stores the data into a database where it can be reused at a later date

**Star Wars Character Sheet**, Mississippi Coding Academies

*March 2020- April 2020*

**Goal:** Design a site that uses an API to display information about Star Wars Characters.

- Developed a built in fetch function that gathers data from another webpage, then displays the data to the user in an organized format.
- Crafted a loading screen that tells the user that the info is being received and will display to the screen momentarily.
- Included buttons labeled with each characters' name and, when clicked, gives detailed information about that specific character.

**Barista Game**, Mississippi Coding Academies

*January 2020 - February 2020*

**Goal:** Construct a barista simulator game using JavaScript.

- Programmed a feature that allows the game to accept keyboard input from the user to have more control over their game play.
- Used a function to create a loading screen in-between scenes of the game to create a more game-like feeling.
- Included multiple JavaScript functions that allows the user to choose either easy mode or hard mode of the game level being played.

## WORK EXPERIENCE

**Engraver, Williams Sonoma**

Olive Branch, MS, June 2018 - July 2018

- Personalized items for customers with their custom signatures.
- Engraved Silverware, Glassware, and Woodwork with a laser engraving machine.

**Administrative Assistant, Guardian Angel Transportation**

Hernando, MS, August 2018 - June 2019

- Filed company documents
- Completed company invoices for payroll
- Kept detailed mileage records for company trucks

## LEADERSHIP ROLES

**Student Government**

- Secretary: Organized events and meetings

**Spanish Club**

- Treasurer: Collected funds and fees

## HONORS

- Beta Club
  - Interactive Club
  - Student Government
  - Spanish Club
  - National Technical Honor Society (NTHS)
- Grade 9-12  
Grade 12  
Grades 11-12  
Grade 12  
Grade 12
